Customer Journey Map

Map the user's experience while using LegalEase AI from entering the application to generating and exporting a legal document.

Phase of Journey	Stage 1 Select & Enter Details	Stage 2 Generate & Review	Stage 3 Export Document
Actions <i>What does the customer do?</i>	- Opens LegalEase AI. - Selects the document type. - Enters required details or terms.	- Clicks Generate Document. - Waits for the AI result. - Reads and checks the generated content.	- Makes required edits. - Chooses TXT, DOCX or PDF. - Downloads the final document.
Touchpoint <i>What part of the service do they interact with?</i>	- Streamlit interface. - Document type selection. - Details / terms input.	- Generate Document button. - FastAPI backend. - Gemini AI generated result.	- Generated document review area. - TXT / DOCX / PDF export. - Downloaded document.
Customer Thought <i>What is the customer thinking?</i>	- Which document type should I select? - What details do I need to enter? - Will it match my requirements?	- Is the generated content correct? - Does it include my details? - Do I need to change anything?	- Which format is useful? - Is the final document ready? - Can I save it for later?
Customer Feeling <i>What is the customer feeling?</i>	- Interested in the simple process. - Slightly unsure while entering details. - Hopeful about the result.	- Curious about the result. - More confident after review. - Relieved when it matches the inputs.	- Satisfied after getting the document. - Confident about saving it. - Convenient because it can be exported.
